

MCOLES
Michigan Commission on Law Enforcement Standards

ANNOUNCEMENT: MCOLES OFFICE HAS MOVED!

We are pleased to announce our move to new office space. Over the past few years, it became apparent that MCOLES had outgrown the office space it has occupied over the past 30 years. This, as well as major mechanical renovations necessary to the State Police Training Academy, lead to our search for a new home.

During negotiations for temporary space, we were presented with an opportunity to be housed in newly renovated quarters at the Hollister Building in downtown Lansing. Although this space presents some logistical challenges, it also affords MCOLES the opportunity to house our entire staff in one spacious location, an advantage that has eluded MCOLES throughout its entire history. In addition, MCOLES will be able to operate a computer lab out of this location, which will be used for training and testing and the classroom is also wired to conduct videoconferencing.

The new address is:

106 W. Allegan St., Suite 600
Lansing, MI 48933-1700

Telephone numbers will remain the same, with the exception of the Licensing Services Section FAX number which has changed to 517-316-0824.
